Officials.

TOKIO, July 25 (afternoon).—The new convention between Japan and Korea was signed today at 1 P. M. after no small opposition by the Korean Court. The provisions are believed to be as follows:

First, that the administration of Korea shall be under the guidance of the Japanese resident general. Second, that the enactment of all laws and ordinances, also all important state affairs shall receive the approval of the resident general. Third, that the appointment of all high and responsible officials shall receive the approval of the resident general. Fourth, that only persons recommended by the resident general shall be eligible for office in Korean government.

Fifth, that a distinct demarcation shall be drawn between administrative and judicial affairs. Sixth, that foreigners shall be employed only upon consent of the resident general. Seventh, that the first clause of the convention of Aug. 22, 1904, providing for the employment of a financial adviser, be annulled. The convention, which will now be submitted to the Privy Council of Japan, will be published here this evening.

Under one arm the singer had a

## S.S.S. CURES ECZEMA

The cause of Eczema is a too acid condition of the blood. The itching, burning eruptions are caused by the outpouring through the pores and glands of the skin, of the fiery poisons with which the circulation is loaded. This acid matter coming in contact with the delicate tissues and fibres with which the skin is so abundantly supplied causes irritation and inflammation and often excessive discomfort and annoyance. While external applications, such as salves, washes, lotions, etc., are soothing and cleansing they are in no wise curative, because they do not reach the blood where the trouble is located. You can never cure Eczema with outside treatment; the blood must be purified. S. S. S. is the best treatment for the disease. It goes down into the circulation, neutralizes the acids and humors with which the blood is infected, and makes the blood-current fresh and healthy. Then instead of fiery, acid matter oozing out through the pores and glands, irritating the cuticle, the skin is nourished by a rich, cooling, healthy stream of blood. S. S. S. removes every trace of the disease, and when the cure is complete the skin is left smooth and free from any eruption. Book on Skin Diseases and any medical advice furnished free of charge to all who write.
